They are written by acknowledged experts on the subject who are not only familiar with current thinking but have often contributed to it. Their format, well-trying and effective, combines information, analysis and assessment effectively. The selections of documents, included from the outset of the series when document work was hardly in vogue in schools, not merely illustrates points made in the text but provides an effective medium for discussion on the issues raised. The further reading guide has stimulated countless students to take their interests further. The structure of the series may not have changed through time but the format has, with attractive four-colour covers and larger pages. Seminar Studies are still, despite all the opposition, a market leader. Teaching History. First published in 1982 this succinct Seminar Study has established itself as a very popular introduction to the 1650s. Written in a clear and economical style, the book assumes no prior knowledge of events, and does justice to a decade of momentous upheavals which had a permanent effect on English attitudes and politics. Now this successful book is being reissued as a Second Edition. It has been revised throughout in the light of recent historiography and, in particular, Dr Barnard has taken the opportunity to rewrite the Assessment Section from scratch. There is no doubt that the Second Edition will be greatly welcomed by a new generation of students. The book opens with a concise introduction to the complicated events which led to the execution in 1649 of...
